DETAILED ACTION

Applicants' response, filed on 12/5/2005, is made of record. Claims 1-4, 6-18, 20, 22, 24-27, 29-51 and 54-59 are pending.

In view of applicants' response, the following apply.

Claim Rejections - 35 USC § 112

Claims 1-4, 6-18, 20, 22, 24-27, 29-51 and 54-57 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Following apply. Any claim not specifically rejected is rejected as it is dependent on a rejected claim and shares the same indefiniteness.

1. Recitation of in claim 1, A is CH₂ renders this claim and its dependent claims in definite as it is not clear how A could be a CH₂ if it is always a part of spiro ring at 3 – position of the piperidine. Note as recited, the A cannot have additional hetero ring as shown in the claim since A with G and B form a spiro ring. Note as recited when B is absent A is still a spiro ring.

Applicants' response is not persuasive. As presented in formula I, when B is absent A will be attached to the spiro carbon of the piperidine ring and the valence of carbon of CH₂ will exceed four.

Hence, this rejection is proper and is maintained.

Non-Elected Subject Matter

Instant claims contain non-elected subject matter that needs to be deleted. Applicant is reminded that upon the cancellation of subject matter and claims to a non-

Art Unit: 1624

elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

This same as indicated in the previous office action. Applicants have not responded to this reminder . As per paper No. 8, Applicant's had elected with traverse of group I, claims 1-63, wherein R³ is not a heterocyclic group and p is 1, in Paper No. 7 is acknowledged and claims 1-63 were examined to the extent they embrace the elected group. Pending claims would not be allowable unless this issue is resolved..

Allowable Subject Matter

Claims 58 and 59 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
